PHYSICAL EDUCATION (FOUNDATION-2)
In P.E. this term, students will continue to develop their awareness of other students’ movements while becoming more comfortable completing their own. Students will begin to apply their fundamental motor skills to competitive and team based games. Students in the lower years have started and will continue developing their skipping and basketball bouncing skills through modified games.

PHYSICAL EDUCATION (GRADE 3-6)
In P.E. this term, students will continue to develop their basketball skills and apply them during the EDEC Basketball Competition on the 22nd June at Knox Basketball Stadium in Boronia. Students will complete the Beep Test for the third time and complete in sports and activities focused on the upcoming Rio Olympics. Senior students will participate in a health unit to promote the benefits of living an ongoing healthy lifestyle.

Please ensure your child wears appropriate footwear and clothes, and brings a water bottle on their P.E days.

Johnathan Hawes

ENVIRONMENTAL SCIENCE
In Environmental Science this term students will continue their focus on Sustainability. They will investigate renewable energy sources, such as hydro-electricity, solar energy, wind energy and wave power. They will also learn about technologies designed to improve energy efficiency, and be encouraged to follow sustainable practises like turning off lights and heaters and dressing appropriately for the weather.

Some grades may participate in a Sustainable Day with their class and/or host a Produce Market.

Jude Everett

ART (FOUNDATION-2)
During Term 3 students in the F/1BL will continue learning about the Art Elements with a particular focus on construction. They will experiment with a variety of materials to make, join and embellish their creations. Grades 1/2H and C will continue their investigation of the colour wheel, in particular the cool colours of Winter. They will learn how to blend colours to create, tone, shade and mood using water colours.
Art (Grades 3-6)

Students in the MLC will be working on a project that will focus on the Rio Olympics. They will design and construct a model of an athlete of their choice wearing the appropriate sporting attire. The Art Room requires empty, clean soft drink cans for this activity. Please send any you have to school with your child. Thank you.

Incorporating Maths with Art will be the challenge for SLC students next Term. They will investigate the patterns made using the points of a circle and apply their knowledge of the Art Elements of Line, Form and Colour to replicate a paper design using thread.

Please ensure your child has placed his/her Art Smock in their grade’s basket.

PERFORMING ARTS- Stomp Dance Company

All students (F-6) will learn individual and team dances, such as general hip hop, stepping, popping and locking. The lessons are designed to help develop students’ fundamental movement and co-ordination skills and learn respect, social skills, team work and self-expression. They will perform basic to complex motor skills and movement patterns and become creative and confident, whilst having a great time.

Lessons for all grades will be on Mondays and there will be a celebratory concert on Tuesday 6th September at 6:00 pm at the Emerald Performing Arts Centre.

Some grades and individual students will also be performing at our Friday Morning Assemblies this term. Keep an eye out for applicable dates in your child’s Learning Centre Newsletters.
