Dear Parents/Guardians,

As education further evolves into digital learning and more and more devices are released to benefit and support this, here at Gembrook Primary School we aim to evolve ourselves into an eSmart school. An eSmart school has a strong set of values to guide behaviour, and applies these values to the respectful, smart, safe and responsible use of technologies.

As we work toward becoming an eSmart school it is important that we actively encourage the positive use of technologies inside and outside of the school. We have organised a presentation that will involve the whole school community.

Students in grades 3 to 6 will participate in a presentation discussing useful information relating to apps, smartphones, social media, cyber bullying to promote awareness and understanding of the dangers online and ways to be smarter online and protect themselves.

Parents and guardians need to be a big part of their child’s online world. The parent session will provide essential information for parents to gain an understanding of what their children get up to online in order to keep them safe, how to protect the children from being contacted and what to do if they are.

The incursion will be conducted on Wednesday 4th March for students in grades 3 to 6 and the cost is $3.00 per student.

The parent session will also be conducted on Wednesday 4th March at 6pm in the Senior Learning Centre.

If you have paid the incursion/excursion levy of $75 there is no further payment. Otherwise, please select a payment option below.

Kind regards,

Kym Peterson and Hayley Tregidga
